1. The subject DCN Minutes and Inventory Supplements were mailed to us by FOA/MDAC on 4 October 1954 in an envelope addressed to [REDACTED] 2430 E St., NW. They were logged in STI/C on 5 October 1954, but have not been received by this Division. Repeated requests to STI/C to locate these documents have been unavailing. STI/C informs us that the documents were apparently misrouted and have not been returned to them.

2. The documents bear a SECRET classification.
